

TeleAtlas Sat Nav for UK Ireland 2012 2013 Blaupunkt TravelPilot DX

Navigation system for cars 2012-2013 TeleAtlas Blaupunkt TravelPilot DX CD-ROM + Navigation DVD Maps

This operating system covers most of the Scandinavian countries, including Denmark, Sweden, Norway and Finland, and provides 100% of the traffic information.

System specifications:

Provides 100% necessary information on countries such as the UK and Ireland, including England, Wales, Scotland, Ireland and Northern Ireland.

You can easily reach from departure to your destination. Door-to-door route navigation in Great Britain, Belfast and Ireland means that you can get contact information of your friends and family only to the known number of their home.

The system accommodates 643,000 km road network (+ 2,500 km). If you feel hungry, want to relax or need to replenish fuel in the car, you can select the appropriate option for stopping of proposed system. The navigation system accommodates more than 175,000 points of interest such as restaurants, hotels, parking lots, and much more.

Also, updated system contains a lot of new information on new buildings, new streets, new residential areas, a situation on roads, weather conditions, etc.
